

next season, and ask for an appropriation for the establishment of a national gallery of art. The bill, according to the Post, will be introduced in the House by a member from New York, who will himself give for the maintenance of the gallery a sum in excess of \$1,000,000.

The Post says that within the past week J. P. Morgan has held several conferences with a prominent citizen of Washington, and an officer of the Treasury department, in connection with the proposed gallery. Morgan made no stipulation, save that the national gallery should be located in Washington, and it is said he desires to contribute the money necessary to build one wing, to be known by his name.

GERMAN MEAT INSPECTION.

CASE OF PORK LIVERS.
(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, July 12.—[Exclusive Dispatch.] Consul Diederich at Bremen, in a special report to the State Department, cites an instance of the rigor of the new meat inspection law of Germany. A German firm imported twenty barrels of pork livers from New York, for which there were charged \$100 to cover various examination fees. In addition, the firm had to pay in duties and other penalties something like \$100, making the cost of importing the pork \$200, or more than 50 per cent of the original cost of the goods, which was \$100.

"This case," says the Consul, "gained considerable notoriety, and was brought to the attention of the proper department at Berlin. It was held that the authorities there would order a reduction of the charges for entering these livers, which, as a precautionary measure, had been boiled before shipment, so as to avoid any objection. However, the Secretary of the Interior decided, a few days ago, that, inasmuch as these livers weighed less than 4 kilograms (8.8 pounds), Section 13 of the second chapter of the new law absolutely prohibited their importation into Germany."

COLORADO BRETHREN RAMPANT.

Arrest of Bad Man Johnson by a New York Copper Leads to Brickbats and Likewise to Gun, but Police Win.
(BY THE ASSOCIATED PRESS—P.M.)
NEW YORK, July 12.—A riot which required the reserves of three police precincts to suppress broke out tonight in the negro quarter in West Sixty-second street. The trouble was precipitated by the attempt of Policemen Conner to arrest William Johnson, the leader of a gang of negroes who were making a disturbance in the street.

The policeman secured his prisoner after a sharp fight and was dragging him to the station house when he was assailed by a mob, and volleys of bricks and stones were hurled at him from the roofs of adjoining tenements. Conner opened fire on a negro on a roof, and the shots were returned from the windows of the crowd. Several negroes were killed and many others injured. The police then charged the other rioters over the roofs, making several arrests, and finally restored order.

THROWN INTO THE BAY.

Yacht Curlew Capsized Off Peapack Square Point in the Narragansett and One Man of Twelve Drowns.
(BY THE ASSOCIATED PRESS—P.M.)
BRISTOL (R. I.) July 12.—One man was drowned and several others narrowly escaped a similar fate in Narragansett Bay this afternoon, when the Providence sloop yacht Curlew was capsized and the twelve occupants thrown into the bay. The man who lost his life was James Cronin, 27 years of age, living at Providence.

The Curlew was beating down from Providence, and off Peapack Square Point was put about on a tack, and then without warning she capsized. The overturned boat would not support the weight of the twelve occupants, and they decided to swim to the point. They reached the shore in safety. All those remaining on the overturned boat except Cronin were taken off by a passing boat. He fell in and was drowned.

SHOOTING AT SYRACUSE.

SYRACUSE (N. Y.) July 12.—An unknown strike-breaker, at the foundry of L. C. Stearns & Company today, shot George Moore, a union molder employed elsewhere, who was addressing the strikers. Three men are under arrest for complicity in the shooting. Thomas Ross, Anthony Deior, a sub-boss, and Nick Ferrante, Moore was fired upon in the street from the factory, and evidence obtained by the police points to Ross as the man who fired the shot. Ross, however, accused Ferrante.

A number of Italians who were in the place about the time that Doctor had given general orders to shoot union pickets who walked the streets outside the factory. The shots were fired from behind a high picket fence. No immediate cause for the trouble was apparent, but the fact that the strike there have been threats that blood would be shed. Four rifles were taken from the factory, and the police are claiming they have been procured by the head of the company, and the Italian boss is said to have told his men that they would be protected if they used the firearms.

MILLMEN SATISFIED.

(BY THE ASSOCIATED PRESS—P.M.)
BREMENBURG (W. Va.) July 12.—Four thousand millmen at Ashland, Ky., and Ironton, Ohio, who have been on strike for six months, will return to work tomorrow, says a dispatch from the National Association of Millmen. The strike was called several days ago to assist in making a settlement. Concussions were made on both sides.

GOT THE MARBLE HEART.

NEW YORK, July 12.—John Tobin of the marble cutters' organization reported to the Central Federation of Labor today that the employers in Greater New York had locked out 1,600 marble laborers in an effort to force the organization to adopt the employers' plan of arbitration. The men declare they will not sign it.

SHOT SON-IN-LAW ON OPERATING TABLE.

(BY THE ASSOCIATED PRESS—P.M.)

CLUFFTON (Ind.) July 12.—John Terrill (an former living near Petrolia) today killed his son-in-law, Melville Wolfe, firing the charges of both barrels of a shotgun into Wolfe's head as he lay on an operating table. The operation was compelled by a gunshot wound inflicted by Terrill a short time before.

Wolfe had deserted his wife and baby, and a suit was brought to compel him to support them. Early today Wolfe drove past the Terrills home, shouting insulting remarks, and shaking his fist at Terrill. When Wolfe came by again, Terrill shot him in the

BLOODY "DEAD MAN'S CURVE."

Missouri Pacific Fast Mail Goes Down Embankment.

Runs Into Excursion Train Which Was Sailed There.

Three Persons Were Killed outright and Fifty Others Injured. Switchman Blamed.

(BY THE ASSOCIATED PRESS—P.M.)

KANSAS CITY (Mo.) July 12.—Missouri Pacific fast mail, No. 7, which left St. Louis at 3 o'clock this morning for Kansas City, crashed into an excursion train, No. 6, south-bound from Kansas City, that had become stalled at "Dead Man's Curve," between Little Knob and Lee Summit, at 10:15 o'clock this morning. Three persons were killed outright, two of them tramped, and fifty others were injured. With the exception of one or two firemen on the fast mail, all the injured were on the excursion train. Most of them were Kansas City people.

Eighteen were seriously hurt. The injuries of the others consisted of cuts and bruises. None of the passengers of the fast mail were hurt. The engines, the mail and the baggage cars on the fast mail went down an embankment, but the rest of the train remained upright, and did the excursion train. Only the engine, one baggage and a mail-car on the fast mail left the track.

Responsibility for the wreck seems to rest with the engineer of the fast mail, who failed to stop promptly when flagged. The engine of the excursion train, which consisted of twelve coaches, heavily loaded, broke down, and the fast mail, then about due, the engine of the fast mail failed to see the foremost flagman, and only stopped when warned by the second man who was within a short distance from the excursion train. The fast mail train, which was traveling at a high rate of speed, and it was unable to come to a full stop. When the fast mail struck, it was making fifteen miles an hour. The engine, the baggage-car and the foremost mail-car left the track and rolled down the embankment. The impact badly damaged the engine and baggage-car of the excursion train, but the cars remained upright.

Most of the injured were on the baggage car on the excursion train. This car had been turned into a refreshment car, and in it without fifty persons, mostly negroes, making merry. The crash came without warning, and they were tumbled into a shrieking mass of wreckage and other wreckage. The injured were cared for quickly, and every attention was given. When the track was cleared the dead were taken to Lee Summit and the injured brought to the Missouri Pacific Hospital at Kansas City. It is stated tonight that all are expected to recover.

AT OYSTER BAY.

Secretary Root Arrives to Discuss Important Business Including Philippine Problems With the Chief Executive.
(BY THE ASSOCIATED PRESS—P.M.)
OYSTER BAY (L. I.) July 12.—Secretary of War Root is the guest tonight of President Roosevelt, having arrived unaccompanied this evening. At the estate he found the President's little daughter, Ethel, awaiting him with a carriage. They were driven at once to Sagamore Hill.

Secretary Root said that his purpose in visiting the President this time was to discuss with him some of the departmental matters, which required the President's attention. While he declined to indicate what the matters were, he said that the pending investigation of army contracts, the Alaskan boundary question and some problems relating to the Philippines will be considered.

ELECTORS IN DISORDER.

BUDAPEST, July 12.—Disorders broke out today at a meeting of electors at Nagyvarad, capital of Bihar province, which was being addressed by Dr. Barabas, the leader of the Extreme Left in the Hungarian Diet. Seventeen persons were injured, and the military had to be summoned to restore order. Many arrests were made.

RELIEF FOR KISHINEFF.

ST. PETERSBURG, July 12.—The Kishineff Relief Committee has received the sum of 125,000 rubles from Russia. The total receipts up to the present amount to 725,000 rubles. The total expected has reached 465,000 rubles. The future expenditures are estimated at at least 250,000 rubles.

AT NEW YORK HOTELS.

NEW YORK, July 12.—[Exclusive Dispatch.] At the Waldorf, L. D. York and wife, Miss C. York, Miss M. York; at the Grand Union, L. Gregory; at the St. Nicholas, W. W. Bush; at the Hotel New York, G. Rothman and Mrs. S. Bartholomew of Redlands; at the Park Avenue, T. P. Messerer, J. Poundstone of Santa Barbara; at the Continental, A. F. Foss.

POON-BAN GOES WRONG.

NEWBURGH (N. Y.) July 12.—Joseph W. Cummin is in jail on a charge of grand larceny. He was secretary, treasurer and cashier of the Cornwall Bank, and is alleged to be a defaulter to the extent of \$50,000, wrecking the bank. Yesterday, the State Bank, before the examination of the books Cummin confessed that he was short in his accounts.

BLACK CAT DELAYS FAST MAIL TRAIN.

(BY THE ASSOCIATED PRESS—P.M.)

CHICAGO, July 12.—[Exclusive Dispatch.] The railroad man's faith in the superstition, "Kill a black cat and you'll have bad luck," caused a delay this morning to the Lake Shore fast mail, scheduled to leave at 3 o'clock. It was the first train to leave the \$1,000,000 depot. Conductor Tait, who has been in the service of the company for forty-three years, had shouted "Board," and Frank Bittman, the veteran engineer, was ready to start the train when a black cat bounded between the rails to the forward truck of the coach. Engineer Bittman, looking out of his cab window, wondered what could be the cause of the commotion and sent his fireman back to learn why Tait was holding the train.

"It's a black cat under the day-coach," said the fireman, as he climbed back on the engine.

"Keep that d-d cat away from my engine," Bittman shouted to the men who were trying to corral the animal. "If he crosses the tracks in front of me I won't take his train out."

The cat was finally caught by a special agent, who crawled under the car. He held it tight in his arms until the fast mail had rolled out of the depot, eleven minutes late.

AFTER DOLE'S PLACE.

Large Crop of Candidates, White and Native, for the Governorship of Hawaiian Territory.

(BY THE ASSOCIATED PRESS—P.M.)
HONOLULU, July 12.—[By Pacific Cable.] A. J. Sanford, Governor of Hawaii does not expire until next June, campaigning has already commenced in relation to his successor. Reports have been circulated that Gov. Dole will not be named to succeed himself, and a large crop of candidates is expected early next year. Gov. Dole's friends, however, assert that his administration meets with the approval of President Roosevelt, and they confidently look for his reappointment.

None of the gentlemen who would be eager to assume the territorial gubernatorial functions has yet been sufficiently bold to come into the open, but it is rather unusual for a territory so quietly interesting Washington influences in their behalf. Native Hawaiians are particularly active, it is said, and there is already a considerable number of petitions to appoint one of their race as the official successor of the Governor.

EXTRA SESSION ADJOURNED.

HONOLULU, July 12.—[By Pacific Cable.] The extra session of the Legislature adjourned last night, having passed the Hawaiian Islands bill, which had been called by Gov. Dole.

JUDGE WILCOX DEAD.

HONOLULU, July 12.—[By Pacific Cable.] Judge Wilcox, the intimate friend and adviser of the late King Kalakaua and other monarchs of the Hawaiian Islands, is dead, as the result of an operation, blood poisoning having set in. Judge Wilcox was a native of the Hawaiian Islands, and was a member of the Hawaiian League, and was thoroughly versed in the history and legends of the islands.

BRIGHTEST OF COMETS.

SAN JOSE, July 12.—Prof. W. W. Campbell, of the Lick Observatory gives out the following:

"The comet discovered by Borely at Marseilles three weeks ago has been under observation by various members of the Lick Observatory staff. It promises to be an unusually interesting object, its brightness has increased very rapidly, until it is now as easily visible as a fourth-magnitude star.

"On Monday night observers should experience no difficulty in detecting it about one or two degrees southwest of the bright star Alpha Cygni. Its motion during the night will be about five degrees daily.

"The orbit of the comet has been computed by Prof. Perrine. It is now at a distance of about 1.5 astronomical units from the earth, and its nearest approach to the sun will occur on August 7, at a distance of about thirty-one million miles. Its present distance is about one hundred million miles, and from the earth about twenty million. The unassisted eye the comet will be visible at about 10 degrees of light. An acute eye should be able to detect a short tail projecting away from the sun.

"Our photoheliograph has recorded two prominent tails, each several degrees in length. While it is always unsafe to make predictions as to how bright a comet will be, yet there is little doubt that this one will be a fairly conspicuous object in the evening sky.

"Our photoheliograph has recorded two prominent tails, each several degrees in length. While it is always unsafe to make predictions as to how bright a comet will be, yet there is little doubt that this one will be a fairly conspicuous object in the evening sky.

TRAFFIC MANAGER RESIGNS.

C. R. Hudson, traffic manager of the Mexican Central Railway, resigned yesterday, leaving last night for San Antonio, Tex. There he will assume the presidency of the San Antonio and Aransas Pass Railway, one of the most prominent of the independent lines in Texas. The move is a sudden one, the board of directors of the Texas road having elected Hudson on last Thursday. Hudson is 28 years old and has had practical experience in many departments of railroad work, acquired on the lines of the Middle West.

BEARS PURSUE A STAGE.

NEVADA CITY, July 12.—J. L. Gaffney, superintendent of the Downeyville Stage Company, and a driver of a six-wheeled stage, were attacked by two bears while driving toward Nevada City, and when driving toward Mountain House and Nigger Tent, two large bears sprang out of the brush onto the road, just behind the stage. Gaffney's attempt was made to the fact by the cries of the women passengers.

The bears were in pursuit of the stage and close behind it. The passengers in the stage had no weapons, and as no treasure was being carried, Gaffney was unarmed. The only course left was to whip up the horses and speed from danger, the bears following for half a mile before they were lost to sight by the stage.

HANDLING OF CHINESE.

LYMAN J. Mowry, legal representative of the Chinese Commercial Company, arrived from San Francisco Monday and will go to Manzanillo the last of next week to attend to the landing and handling of recent importations of Chinese laborers. The Chinese are coming to Mexico to labor at henequen plantations at Yucatan, to work at coffee and fruit culture at Chiapas and Vera Cruz, and to work in sundry agricultural enterprises on the Isthmus of Tehuantepec.

G. H. TAGGART, THE AMERICAN ARTIST.

His wife started for San Francisco Thursday. During his stay here Taggart painted a portrait of President Diaz, represented seated in a characteristic easy posture at his desk. The pose is with no suggestion of the old soldier, but every indication of the thrice-elected President of Mexico. The Chinese are coming to Mexico to labor at henequen plantations at Yucatan, to work at coffee and fruit culture at Chiapas and Vera Cruz, and to work in sundry agricultural enterprises on the Isthmus of Tehuantepec.

TWO-MILLION-DOLLAR SUIT.

Alfred Bishop Mason, ex-president of the Vera Cruz and Pacific Railroad, is due to arrive here tomorrow by steamer from New York. Meanwhile suit has been started by J. W. W. Alexander for \$2,000,000, as work claims in connection with the building of the railroad. Extravagance is alleged on the part of Mason in the construction of the line.

DR. SANCHEZ RECEIVED.

Dr. Fernandez Sanchez, minister plenipotentiary and envoy extraordinary from Nicaragua to Mexico, who arrived here Monday, was received by the President at the National Palace. The minister was accompanied by Dr. Manuel Maldonado, as secretary of the legation. Sanchez is a lawyer by profession.

SCHOONER LOSES THREE MEN.

COLON, Colombia, July 12.—The British schooner Goldeneye, Captain Rignold of Liverpool, N. S., was captured by a heavy squall during the night of the 10th and 11th inst. off the coast of Panama. The schooner was bound for Colon, and was carrying a cargo of sugar. The vessel was wrecked, and three men were lost.

VALDES TO EAGLE CITY.

**NEW RAILWAY FOR YUKON. (BY DIRECT WIRE TO THE TIMES.)
TACOMA, July 12.—[Exclusive Dispatch.] Private dispatches contain the news that John Hays Hammond, the famous mining engineer, and James P. McDonald, of the New York Central, have been awarded a contract for the construction of the Valdes and Copper River Railway from Valdes through Copper River to Eagle City, on the Yukon. The approximate length is 40 miles, and the cost will exceed \$2,000,000. Dispatches say the railroad must be completed within fourteen months. It is also stated that the first million dollars has been placed in the bank, to be drawn upon as work proceeds during this summer and winter.**

GREAT PLACE FOR RUINS.

Prof. Saville Reveals in the Archeological Ideal.

Peninsula of Yucatan at One Time One Community.

Railway and Mine Developments. Handling of the Chinese.

(BY DIRECT WIRE TO THE TIMES.)

CITY OF MEXICO, July 12.—[Exclusive Dispatch.] M. H. Saville of the Department of Archeology of Columbia University, New York, and Prof. Teoberto Maler, the Mexican Archaeologist, went to Oaxaca, Oaxaca, to secure photographs of the ruins of that region. Last year Prof. Saville made an extensive collection from the ruins of that southern State, but owing to accident in the shipment of negatives, several negatives were broken. The trip is now taken to replace them. He has studied Mexican archeology many years and believes the work undertaken this trip will finally settle the question of the ruins of that region. REV. DR. BROWN.

Rev. Dr. Brown of Phoenix, Ariz., arrived here to assume charge of the Presbyterian Church. He is a man of wide experience in educational and Sunday school work.

PERSONALS.

Arrivals: Thomas Makray, San Francisco, and F. S. Walter, Los Angeles.

KNOX FAMILY REUNION.

PITTSBURGH (Pa.) July 12.—[Exclusive Dispatch.] Dr. Samuel Knox and Thomas Knox of Santa Barbara, Cal., are attending the family reunion at Brownsville. They are home for the first time in thirty-one years.

Young Wife's Suicide.

SAN JOSE, July 12.—Josephine, the seventeen-year-old wife of George E. Benjamin, swallowed half an ounce of carbolic acid at 8 o'clock this morning. She was found by her husband in great agony. She had separated from her husband, and despondency is supposed to have been the cause.

Burglar Sees Off Pursuers.

SAN JOSE, July 12.—Orlo Phelps and family discovered a burglar at work in their dwelling on Eleventh Street this afternoon. The fellow fled, and on being pursued by Phelps and several neighbors, drove them a revolver, and made good his escape.

SERUM FOR CONSUMPTION.

Chicago Board of Health Thinks Wonderful Discovery Has Been Made.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, July 12.—[Exclusive Dispatch.] "Victory over consumption, as brilliant and beneficent as Jenner achieved over smallpox, is foreshadowed in the just-published results of the labors of Prof. Edoardo Maragliano, a distinguished Italian physician," says the bulletin of the Chicago health department.

"These results form the subject of the professor's address, entitled 'The struggle of the body against tuberculosis and its immunization,' presented at the fourteenth International Medical Congress, held at Madrid last April, but just made public in this country.

"Briefly stated in non-technical language, Prof. Maragliano claims to have produced, after more than thirty years of study and experiment, both in laboratory and clinic, a serum which, introduced beneath the skin of the arm as vaccine lymph as in vaccination, produced a small circumscribed tuberculous sore, attended with a slight fever for two or three days, after which the system of the subject is immune to tuberculosis, or consumption, as a properly vaccinated individual is to smallpox.

"The professor said: These results are the fruit of the labors of not only one person, but of a school. They are, in fact, experimental and clinical researches, publicly carried on either in my medical clinic or in institutes for the study of infectious diseases, which I establish wherever a band of eager workers find at their disposal all the necessary material for their research work, observation and experiments."

My Method

of treatment is the most rational, most reasonable and most effective yet known. I am able to say this through a great number of patients who have tried other forms of treatment and have found a cure in my treatment. My examination is such that no disease or condition escapes notice, so that when I treat I know what for and why, and that it will be effective.

Easy Pill

Easy to take and easy to act is that famous little pill Dr. Morton's Little Early Risers. This is due to the fact that they tonic the liver instead of purging it. They never grip nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and fevers.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Drink Server Arrested.

W. Wilson, a waiter in a South Main street restaurant which has no liquor license, was arrested yesterday afternoon by two plain-clothes men whom he had served with drinks.

Church Dedication.

The handsome new St. Anthony's Church at Long Beach will be dedicated next Sunday morning by Rt. Rev. Bishop Conaty. A large delegation of Catholics from this city will attend the dedicatory services.

Killed by Bursting Cannon.

By the bursting of a cannon on the Fourth of July at Wedderburn, Or., A. George Cook of Tropic was instantly killed. The remains will arrive in Los Angeles this week, and the interment will be at New Calvary Cemetery.

Charged With Grand Larceny.

Thomas Hagerman was arrested yesterday by Detectives Craig and Steele on a charge of grand larceny. He is accused of stealing a bicycle, the property of W. H. Vogel of No. 1805 Mogart street. The wheel was recovered.

Wanted in Santa Monica.

George W. Wilson, a sailor, was arrested yesterday by Patrolman Butler on North Main street at the request of the Santa Monica authorities who have a warrant against him for petty larceny. He was taken to Santa Monica last evening. It is alleged he entered the room of another sailor in that city and stole all his clothing and \$4. He admitted his identity but denied the theft.

Catholic Societies' Federation.

The American Federation of Catholic Societies will meet in third annual convention at Atlantic City, N. J., August 1 to 5. It includes nearly all the prominent Catholic societies of the United States and is presided over by Cardinal Gibbons. The plan is to carry out the mission laid down in the encyclicals of Pope Leo XIII. Los Angeles federated Catholic societies will be entitled to delegates to the convention.

Plumbing Bee.

About thirty-five plumbers made record time yesterday morning in plumbing the new building of the Ransome Home, situated in Highland Park on Avenue 51. The occasion was a sort of "plumbing bee," the workmen donating their labor free. The building, consisting of twenty rooms, exclusive of halls and attic, was entirely piped and connected by noon. Sunday was chosen for the work, as it was the only day on which the workmen were at liberty to leave their time for the good of the cause represented by the institution which is to occupy the structure.

Died After a Stroke.

Peter O'Donnell, aged 65, a hostler employed at Wickham's livery stable, died suddenly without medical attendance yesterday afternoon in a shed in the rear of No. 328 Aliso street, in which he had been sleeping. He had been drunk for several days and it is believed his death was the result of a stroke. He had no relatives. The authorities have not been able to find them. The deceased formerly lived in Compton, where he owned a fine ranch at one time. The coroner took charge of the remains and an inquest will be held today.

Priests' Retreat.

The annual retreat for the secular priests of the diocese of Monterey and Los Angeles will take place in this city this week. About seventy priests will arrive here today, and will enter on their retreat this evening at St. Vincent's College, where they will be in retirement until Saturday. The instructions will be conducted by Rev. Father McGivney, S. J., of Milwaukee, Wis. Very Rev. J. S. Glass, C. M., D. D., president of St. Vincent's College, went to San José last Wednesday to give a retreat for the Sisters of Charity, and he is assisted by Rev. P. H. McDonnell, C. M. of the college, who has been conducting a retreat at San Francisco.

A Victorious Pair.

Robert Edward Lee Sellers, the young man of Knoxville, Tenn., who was married to Miss Kathryn Best Thursday night at the Van Nuys, under the exciting circumstances which terminated a hot-foot chase across the continent with a detective in search of the young lady, who was being spirited away by her relatives, walked into the Van Nuys yesterday with pretty Mrs. Sellers. The two were supposed to have taken wine for the East immediately after the marriage, but instead they slipped away to a near-by beach, leaving their baggage at the Van Nuys. The victorious pair were smiling, and, according to outward appearances, entirely happy when they bobbed up at the hotel after their honeymoon by the alleged and sea waves. They did not register, and left in the evening at 7 o'clock, bag and baggage, ostensibly for San Francisco, Careless Automobilists.

An instance of the "I-own-the-road" spirit prevalent among a certain class of automobilists was witnessed yesterday afternoon on Spring street, between First and Second, by a number of people, the majority of whom expressed open indignation over the affair. A boy 18 years of age, who later gave his name as Charley Rogers, was riding northward on a wheel and approached the automobile in question, proceeding southward. As the two neared, a car came up and nudged the passage too narrow for the bicyclist to turn much to the right. The driver of the machine apparently did not swing his vehicle out at all and rode the boy and the bicycle down, although both were proceeding at a moderate rate of speed. Crushing the front part of the bicycle into a shapeless mass, with a crackling that startled bystanders, the prince of cars proceeded leisurely on its way, its occupants casting only a casual glance back over their shoulders. The boy was rolled over and over on the pavement, and it was at first thought that he was injured, but he soon righted himself and pulled his wreckage to the curb. A small crowd gathered about the whimpering lad, who said the wreckage represented his sister's new wheel, and vowed vows against the unfeeling autists. The automobile was an ordinary black runabout, and was flying the "L. A." pennant.

BREVITIES.
If you want to know all about Avalon and Catalina Island, where there, and what's doing, send 10 cents to The Times office for a month's subscription to "The Wireless." Avalon's new daily published by The Times-Herald Company. It prints "All the News of the Time" concerning the enchanted island, and tells big-fish stories every day. Fine portraits, lowest prices, carbons and platinum. Coules, 351 S. Broadway. Furs stored, D. Bonoff, 213 S. Broadway.

There are undelivered telegrams at the Western Union telegraph office for J. E. Hamilton, W. F. Maxwell, C. H. Frost, Mrs. L. C. Springer, H. J. Barry, Mrs. D. H. Hendricks, Adam Reidsman, Homer C. Johnson, Mr. and Mrs. Charles G. Andrews, Miss Edna Walker and Gentner.

NOTICE IS HEREBY GIVEN THAT I intend to apply to the State Board of Prison Directors to be paroled from the State Prison at Folsom, according to law.
(Signed) WM. J. BUBBY.

PERSONAL.

C. de Guigne, the San Francisco banker, is staying at the Van Nuys. Rabbi Charles Fischer of Boston arrived at the Angelus last night. J. Callisher, a large stock raiser of El Paso, Tex., is at the Van Nuys with his wife.

George A. Rankin and J. R. Reinsteiner, San Francisco attorneys, are at the Van Nuys.

Max Dinkelstein, a lawyer of New Orleans, is staying at the Van Nuys, accompanied by his wife.

Epes Randolph, general manager of the Pacific Electric Railway, returned yesterday with Mrs. Randolph from a trip to Arizona.

A. J. McClatchie, superintendent of the experiment station of the Department of Agriculture at Phoenix, Ariz., is registered at the Westminster.

N. J. Weaver, an English planter from Samoa, is at the Angelus. He is the owner of a large cacao plantation in the islands, and is on his way to London to negotiate for its sale to an English syndicate.

Milo M. Potter of the Van Nuys was able to be about yesterday for the first time since the severe illness which prostrated him over a week ago. He was to have started with his family for Europe last Saturday, but has decided not to undertake the trip abroad this year. He will leave for Santa Barbara tomorrow.

How to Know Good Cheese.
Most housekeepers quail before that part of the family marketing which relates to the purchase of cheese, and wish the man of the house, who usually the chief consumer as well as the critic, would always buy it. Such may be the man of the house, who will be to have started with his family for Europe last Saturday, but has decided not to undertake the trip abroad this year. He will leave for Santa Barbara tomorrow.

HAVE been treated by Dr. Schiffman
years. I have tried all the methods and can say unhesitatingly that Dr. Schiffman's method of treatment is the only one that has cured me. It is a great pleasure to me to recommend his method of treatment.

On account of some unfortunate experience I had with my teeth I became a great coward in this respect. Dr. Schiffman extracted one of my very recalcitrant teeth, and I was one particle of pain.

Dr. Schiffman extracted a tooth for me absolutely painless. "Didn't Hurt a Bit," is literally true. R. D. HOLABIRD, Pacific Electric Under Nadeau Hotel.

EVERAL years ago Dr. Schiffman removed some crown and bridge work which has proved entirely successful. The work was done painlessly and it gives me great pleasure to recommend him.

Dr. Schiffman has put in almost an entire upper bridge for me. In every respect, and I can say it as well as my natural teeth. The work was done painlessly and it gives me great pleasure to recommend him.

I have had fourteen teeth extracted positively without pain by Dr. Schiffman. He is a true professional and a true gentleman. I have just had a large back tooth extracted by Dr. Schiffman and it was only a trifle and gave no pain.

Dr. Schiffman has put in a very satisfactory piece of bridge work for me. He is a true professional and a true gentleman. I have just had a large back tooth extracted by Dr. Schiffman and it was only a trifle and gave no pain.

Dr. Schiffman has put in a very satisfactory piece of bridge work for me. He is a true professional and a true gentleman. I have just had a large back tooth extracted by Dr. Schiffman and it was only a trifle and gave no pain.

In the World of Sport—Strenuous Playing by Amateur Ball Teams—Automobile Club's First Run—Bowlers

ALHAMBRA BALL TEAM EASILY BEAT TRIBLES.

HARDEST BATTING EVER SEEN IN THIS CITY.

Eleven Hard Hits and Twelve Runs in Two Innings by Alhambra—Two Home Runs in the Second—Tribles Helpless in the Hands of Simons.

In a game that was marked by terrific batting and considerable loose fielding, the Alhambra team easily defeated the Tribles at Prager Park yesterday by the top-sided score of 23 to 2. Over 600 spectators saw the performance.

It goes without saying that the Alhambra team gave the most remarkable exhibition of batting ever seen in this city. Three home runs, three doubles and eighteen hard singles in one game, is certainly enough to satisfy any crowd of fans that really cares for little else, and it may be years before anything like it will be seen again here.

The colored Tribles were cheered on by some of the prettiest cuffed girls in the whole town, but this applause did no good, for the Tribles pitchers were really worse than nothing. Mr. Jackson went in to pitch, but the Alhambra really finished him in the first inning. Not realizing that he was being beaten into the ground, he stuck to the game, although he was hit for four singles and a home run in the first, walked one and made a wild pitch. The second inning was really worse for the Alhambra than the first, for he not only had four home runs and two home runs, but he also had a home run, a double and a single in the second, and a home run, a double and a single in the third.

It is sufficient to mention the first two innings. In the first Adams walked, and Frank Bowman scored him with a home run to the clubhouse. The next two men were put out. Then Rodney Simons, Schmuck and Raftery hit out singles, and all scored on the hits, assisted by two errors two passed balls and a wild pitch.

The second inning brought six more easy runs. Adams and Bowman singled, but Lepper forced Bowman at second. Harris followed with another hit, and the bases were full. This was good enough with the bases full, but Rodney added to the excitement by knocking the ball to the carriage drive for a home run, four runs scoring on that. When pitcher Simons went to bat, he deliberately knocked the ball over the right-field fence for another home run, and the colored pitcher Jackson made a rush for the bench when this happened. Rodney took his place, but could not prevent another run being scored that inning.

The feature of the game, of course, was the batting of the winners, and particularly of Frank Bowman, and Simons. If Bowman could have batted half as well as he did, he would still be a high-salaried man. Morley's Loolet team, for Morley's team, because he could not hit the ball. This seems peculiar after his work yesterday, for in six times at bat, he made a home run, two doubles and a single. Simons had a home run, a double and three singles. Lepper was the only one who could not see the ball safely.

The Tribles could not do anything with Simons' pitching, and what few hits were made of him, were scattered.

The score was as follows:

ALHAMBRA	A	R	E	R	R	P	O	A	E
Adams, H.	1	0	0	0	0	0	0	0	0

Hamburgers Won.

The Hamburgers easily defeated the Hughes Bros. team yesterday afternoon on the Echo Park grounds by a score of 12 to 2. The Hamburgers' pitching was a feature, and also the heavy batting of the Hamburgers. The winners played a fine fielding game. The score:

HAMBURGERS	A	R	E	R	R	P	O	A	E

MINES AND MINING.

ROCKEFELLER SAID TO HAVE SUCCEEDED GREENE.

OL KING MAY BE IN CONTROL OF CANANEA CONSOLIDATED.

Many Important Changes Made in the Company During the Past Few Months—Water Needed on Desert. Miners' Stock Exchange Sales.

A sensational rumor comes from the great Cananea copper camp to the effect that Col. W. C. Greene, president and organizer of the Cananea Consolidated Copper Company, has been succeeded in the control of that concern by John D. Rockefeller.

This is not the first time that such a rumor has gone abroad, but private advice from those state that it is really a go. The reported change is supposed to have taken place last week and was made as quietly as possible. For some time past changes have been made in the official force, the election of a new superintendent being one of them. The fact that the new superintendent comes from the west, where he has represented Rockefeller for years, lends color to the report that the oil king is now at the head of the copper mines of Cananea.

Two months ago it was rumored that Rockefeller was trying to get control of valuable mining property in the Big Bend copper camp, and that he was endeavoring to form a consolidation of copper interests that would control the market. In the latter attempt he was evidently successful as the Standard Oil clique has controlled the copper market for several years.

WATER NEEDED ON DESERT. Heavy support is given the Parsons resolution passed by the Chamber of Commerce directors recently, recommending that the supervisors of the various southern counties counting within their precincts a stretch of desert country provide more water holes or wells for the benefit of those who are obliged to travel the sandy wastes during the summer months.

The resolution has been at special interest to mining men who also welcome the suggestion embodied in the same resolution that a better system of sign posts be established in the various counties, especially Kern and San Bernardino. The travel this year is unusually heavy and in consequence many of the water places are already being tampered with.

A petition is now being circulated among the mining interests of San Bernardino asking the supervisors to take action on the suggestion and there is every reason to believe that appropriations will be made for the work.

ON MINERS' STOCK EXCHANGE. A creditable showing was made on the Los Angeles Miners' Stock Exchange yesterday. The sales were:

Share.	Price.
Five Metals	1.00
Reverend	1.00
General	1.00
United	1.00
Providence & Co.	1.00
Total	1.00

Closing bids and offers for listed mining stocks were:

Share.	Price.
Five Metals	1.00
Reverend	1.00
General	1.00
United	1.00
Providence & Co.	1.00
Total	1.00

SONORA'S RICHEST. CHENEGA GOLD STRIKE. (BY DIRECT WIRE TO THE TIMES.)

ALTAR (Sonora, Mex.) July 12.—[Exclusive Dispatch.] There is great excitement here over the rich gold strike in the Solidad mine at Chenega, and the Americans are flocking to that gold field. The first grade ore runs from \$100 to \$150,000 per ton, it is reported here, and it is the richest gold strike ever made in Sonora.

WATER BOARD MEETS.

Short Session Yesterday, With Usual Service Complaints—Land Purchased at Second and Alameda.

The Water Board held a perfunctory session yesterday afternoon in its headquarters in the Wilcox Building. In attendance were Messrs. Elliott and Sherman and President Fay. Superintendent Mulholland, ever faithful, was also on hand.

No business of importance was transacted, except the purchase of the lot to complete the city's water corner at Second and Alameda streets. On motion of J. M. Elliott, its owner, W. J. Waterhouse, was tendered \$3500 for the piece of ground, which he accepted in person.

The most fun was caused by the usual complaints of poor service from various property owners along some of the numerous streets cursed with inefficient mains.

The first was handed in from one French and other residents of homes on the south side of Thirty-third street and the north side of Jefferson street between Central and Griffith avenues. Hardly had the secretary finished the reading when Sherman, with a very audible giggle, moved that it be referred to Mr. Mulholland. The superintendent groaned: "My Lord! They need it bad enough, I know that place," said he, accepting the shifted responsibility with a sigh.

Another petition came from residents along Bond street, and its lines were of the same dry and melancholy tenor. L. N. Kercheval and following petitioned to have sanja number one properly piped, but this seemed a doubtful procedure on the part of the members, as the superintendent reported that there was little water there now, that there would be less next year, and that in all probability it would be a useless expense to the city. On motion of Elliott it was referred jointly to the president of the Water Board and the City Attorney.

The real trouble is shortage of piping, and until several miles of good-sized mains are purchased by the city there can be but small hope of general and permanent alleviation. Some pipe will probably be purchased at once, but Mr. Mulholland believes that the price is destined to slump in a very few weeks, and the board is holding back its big order until that time, if possible.

Mr. Elliott, however, moved that the secretary be instructed to write the petitioners, saying that their cases would be attended to as soon as possible, and that the members of the board recognized the full justice of their claims.

Sherman, who had been inclined to

take it as a joke, acquiesced heartily. "Sure! Write 'em! Write 'em! They are suffering enough now without any additional slings from this department," he said. "Tell 'em we're coming!"

OL WELLS THAT PAY.

Kern River Companies that Are Paying Handsome Dividends—Four Companies Declare Another—Stock Market Sales.

(SPECIAL CORRESPONDENCE OF THE TIMES.) BAKERSFIELD, July 12.—The Four Oil Company, which leases only twenty acres from the Kern River Company and pays the latter concern one-eighth royalty, has announced its regular monthly dividend of 1 cent a share, payable July 15. The Four Oil Company was the first operator in the Kern River field to pay a dividend. It is a little company, but is capitalized for 200,000 shares and pays \$34,000 in dividends every year.

As an indication of the immense amount of money to be made from the oil industry in Kern county it may be mentioned that during the month of June the Peerless Oil Company, one of the largest operators in the county, received from the sale of oil from its Kern River property the sum of \$1,747,712. The Peerless sells all its product to the Pacific Oil Company (Standard).

During June there was expended for labor on both the Peerless and Fulton properties, which are owned chiefly by the same parties, the sum of \$3,344,83. The Fulton well has brought in 10 returns; but the Peerless on July 1 paid its regular monthly dividend of \$14,000. After paying expenses, the owners were also able to pay off \$75,000 to the Pittsburgh Oil Company on the purchase price of the land operated by the Fulton well, and in advance of the time agreed upon when the same was bought.

LOS ANGELES STOCK MARKET. But one sale was recorded during yesterday's call. The transfer of 200 shares marked the total, the price being 83 cents a share.

The quotations for listed oil stocks were as follows:

Alpha	Beta	Gamma	Delta	Epsilon	Zeta	Eta	Theta	Iota	Kappa	Lambda	Mu	Nu	Xi	Omicron	Pi	Rho	Sigma	Tau	Upsilon	Phi	Chi	Psi	Omega
1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00

Quotations on listed mining stocks were as follows:

PETROLEUM MARKET.

Oil of the average grade sells in the local field at from 80 to 85 cents a barrel. All product under 14 gravity finds a market at from 45 to 55 cents a barrel.

SAN FRANCISCO MARKET.

(BY THE ASSOCIATED PRESS.—P.M.) SAN FRANCISCO, July 12.—At the morning session of the California Stock and Oil Exchange sales were recorded at following figures: Forty-five Junction, 20; 100 Monarch, 33; 15 Peerless, 1400; 100 Junction, 22; 1000 Junction, 31; 1000 Home Oil, 2.50; 100 Alameda, 1.50.

BEST CONVENTION YET.

Epworth League of Methodist Church, South, Finish Largest Attended Conference of History.

The twelfth annual conference of the Epworth League of the Methodist Episcopal Church, South, was brought to an end in the Trinity Methodist Church last night with the formation of the unbroken circle, a ceremony in which the league members formed a ring around the church room, and sang, "Blest Be the Tie That Binds."

The conference has been in every respect a success, and ranks as the best in the history of the league. Delegates were present from all over the State, small towns especially being well represented.

Although little business came before the convention except the election of officers, an innovation in the manner of holding conferences was headed off only by a narrow margin. Many of the delegates, especially those from the northern part of the State, wished to vote on the question as to whether there shall be hereafter two State conventions, one for Northern California and one for the southern part of the State, instead of one, as at present.

Such a division would be for the benefit of the northern league and to the detriment of those in Southern California, owing to the much greater number of league members in the former district. When a convention is held in Southern California it means a great expense for the delegates from a distance. This was the argument used by visitors from distant sections for two conventions; but the issue was not forced to a vote, it being realized that as the North would be the gather the South must suffer from weakened forces.

The reports of officers on the needs and conditions of league work in the State showed a satisfactory basis for another year's prosperous career. The program yesterday included a luncheon on problems of department work, on questions of organization, and general discussions participated in by representative league workers throughout the State. Last evening Rev. C. F. Teild of Berkeley preached a sermon on "Formation of the Unbroken Circle."

At the business session held at 4 o'clock the following officers for the ensuing year were elected: President, W. R. Wilcox of Willows; first vice-president, W. Frank Greenleaf, Santa Ana; second vice-president, Mrs. W. Wilcox of Los Angeles; third vice-president, L. A. Grande, thirty; secretary-treasurer, Miss Mary Poase of Berkeley; and secretary, Roy J. Teild, Oakland.

This morning the delegates will visit Catalina and tomorrow they will ascend Mt. Lowe.

"Doctors not seldom give up a case, but a mother never does. While life lasts, while there is a spark of vitality which love's labor may fan into a flame, she toils untiringly for the child she brought into the world. And sometimes when the doctors fail the mother succeeds. She has no prejudices. Any means she will use which will save her child."

A dark, vertical, textured surface, possibly a book cover or endpaper, showing signs of wear and discoloration. The texture is grainy and uneven, with some lighter areas and some darker, more saturated regions. There are some small, dark spots and fibers visible throughout the material. The overall appearance is aged and worn.

Orange, San Bernardino and Riverside Counties.

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

LOS ANGELES MAN MURDERED IN MEXICO?

RUBBER TRACT SUPERINTENDENT IS MISSING.

Mutilated Bodies of Natives Who Worked Under T. S. Strite or Stright Found in the Brush-Lively Tilt in Will Contest.

SAN BERNARDINO, July 12.—T. S. Strite, of Los Angeles, formerly of the Santa Fe operator at Oro Grande, is believed to have been murdered in Mexico, where he went some time ago to act as superintendent of a large rubber plantation owned by a Los Angeles corporation. A telegram to that effect was received today, stating that he had mysteriously disappeared, and inquiring whether his relatives in this section knew anything of his present whereabouts.

Strite or Stright was induced to accept charge of the plantation by George Varney of Los Angeles, who later went with his brother to Imperial. Saturday they received a telegram from the Mexican officials at Tehuantepec, stating that Strite was missing, and that several of the natives working under him had been found dead in the brush, their bodies mutilated. Varney left for Oro Grande today in the hope of finding a trace of the missing man.

GINGERY WILL CONTEST.

Ginger was injected into the Morey will contest this afternoon, a lively tilt occurring between Judge Oster and H. W. Nisbet, one of the attorneys. The trial has lasted two weeks and during the cross-examination by Attorney Nisbet, after all the testimony had been introduced, warm words passed between the bench and the bar. The court remarked that the attorney is possessed of an unfortunate disposition, or words to that effect. The attorney resented the remark and said that none of the other many learned judges before whom he had practiced had ever taken occasion to say that to him. The court retorted by saying that the attorney was unfortunate in not having been told it before. The arguments will begin tomorrow.

LICENSE LAW TEST.

The beginning of the legal test of the constitutionality of the city business license ordinance, which is undertaken by the San Bernardino Retail Grocers' Association, happened this afternoon, when M. A. Pace of the grocery firm of Harrison & Pace was taken into custody by Marshal Shay for refusing to pay the license tax as imposed under the new ordinance. Attorney Willis immediately filed with Judge Oster an application for a writ of habeas corpus, which was made returnable before the superior court at 2:30 o'clock. Before that time City Attorney Evelyn appeared before the court and agreed to the granting of the writ pending the hearing of the case by the submission of briefs, which must be filed within five days.

BERDOO BRIEFS.

The Simpson & Hack Fruit Company of Los Angeles has brought suit against Charles Scott et al. to enforce payment of a promissory note for \$250, executed at Redlands, February 12, 1935. The County Superior met today, sitting as a Board of Equalization. Henry McCullen and John Bellamy, young men who are charged with burglary, were arraigned today in Judge Biedsoe's court and their trials set for July 20 and 21.

REDLANDS.

FIRST FOREST FIRE.

REDLANDS, July 12.—The first forest fire of the year in this vicinity was started Saturday and burned about fourteen hours. It was in the Deep Creek country, back of Hunsaker, and mostly in the brush, although some good timber was destroyed. Two forest rangers were near and with the help of others fought the blaze several hours. There was a great smoke but the damage done was slight. The mountain streams in this vicinity are diminishing very rapidly in their flow, many being very low for the season. This is caused by deforestation as well as the numerous forest fires, which have occurred near there. Several years ago the streams carried considerable water, throughout the dry season.

HERE AND THERE.

Co. G held a medal shoot yesterday in which there were eleven contestants. Lieut. L. K. Brown made the best score of the day, an average of 97. At 200 yards he made the possible 25, and at 300 and 400 yards, 23, each. He won the medal from C. W. Lehr, who had held it heretofore. Lehr came next, winning the silver medal with an average of 88. W. W. Bethurum, who is not a member of Co. G, took part in the shoot, scoring second best with an average of 82. The general average at all distances was 74.

The new plans for the Baptist Sunday-school building were considered and adopted yesterday, and work will begin at once on the structure, as it is hoped to have it completed by November 1. The cost will be about \$10,000, and it will be built of stone, neatly cemented and finished. The addition will conform with a plan, both in exterior and interior finish, that it is hoped will be carried out in a handsome edifice, which the growing congregation of the Baptists will demand to be very dated. The interior arrangements will be quite perfect and specially adapted to the needs of the school. There will be a main auditorium surrounded by a number of smaller class rooms separated from the larger room by sliding doors. The building will seat from 600 to 700.

Yesterday a number of people staying at Bluff Lake climbed to the summit of the mountain and communicated with their friends in this city by a series of flashes, with mirrors. It is about twenty miles in a line, but the flashes were easily seen and responded to.

George W. Lyons departed today for Baltimore, where he will attend the Grand Lodge of Elks. Mr. Lyons will be the assistant secretary. George A. Reynolds, Grand Secretary of the order, will remain in the East about six weeks.

Miss Nina Veach has gone to Los Angeles, where she will visit friends for a few days, and then go to Santa Monica.

Mrs. Louthian of San Bernardino is spending a few days as a guest of friends in this city.

Mrs. A. O. Childs has gone to Ter-

minal Island, where she will visit Miss Boobyshell.

Charles M. Brown has gone to Long Beach to remain a month or so, hoping to regain his health. He was joined by his family today.

Miss Blanche Harrington, the guest of friends in Los Angeles for a few days.

E. T. Salmon spent Saturday and Sunday at Redondo, where his family is located for the summer.

Miss Emma Barton of San Bernardino is the guest of Mrs. Fred Ruggles.

"If you want a thing well done, do it yourself." is an old-time motto, but the latest is: "Try The Times" when it comes to advertising. Telephone your wants to Red 1025, and our Redlands agency will take your ad. and send it to the main office.

ANAHEIM.

PIONEER SMASHER.

ANAHEIM, July 12.—Mr. Smythe, the pioneer settler of Anaheim, who smashes \$400 or \$500 worth of plate-glass windows in the Courthouse at Santa Ana a few days ago, smashed the show windows in the business houses of S. S. Federman and Stern Bros. here several years ago by throwing bricks through the windows.

BY THE WAY.

The infant son of Mr. and Mrs. Frank McDermott of Fullerton, born Thursday, died last night.

Fred Lewis has arrived from college at Terre Haute, Ind., to spend the summer vacation here with Los Angeles and Anaheim relatives.

The Eastern Star gave a reception this evening in honor of Mrs. R. C. Mills, who will leave in a day or two to join her husband in Riverside, where they will make their home. The many young friends of Miss Mills gave her a reception before her departure for her new home.

Miss Alice Beckett is visiting friends in Pasadena this week.

The Epworth League of the Methodist Episcopal Church has elected and installed the following officers: A. Hollingsworth, president; G. Reiz, vice-president; Mrs. A. Hollingsworth, second vice-president; E. Bayha, third vice-president; Miss A. Beckett, fourth vice-president; Miss Elsie Claiborne, secretary and treasurer.

Secretary Krick of the water company states that the main canal is large enough to carry all the company's share of water from the Santa Ana River.

G. F. Ochs, wife and daughter of San Francisco have been guests of W. C. Maerhan the past week.

C. Schindler has just been awarded contracts for the erection of four new buildings in town.

Bruce Anson will leave this week for Oregon to look after business interests.

H. S. Bartz, who has been visiting the Rev. Mr. Helmer for several weeks, has returned to Stevens Point, Wis., where he will remain.

W. C. Eymann has leased the dryer near the cannery and has a large force of cutters at work on apricots.

SANTA ANA.

POTATO SACKER IN JAIL.

SANTA ANA, July 12.—Jose Morales is in the County Jail, charged with assault with a deadly weapon, for drawing a gun on his employer in a dispute over wages. Morales was working at Laguna for C. A. Rauth, sacking potatoes, and thought more was due him than Rauth was willing to pay. After words Rauth started to walk off when Morales picked up a 22-caliber rifle, and pointing it at his employer, demanded the money. An outside interference by Morales was to have had a preliminary examination in the township court this afternoon, but the trial was postponed until tomorrow at 1:30. Morales has figured in the police court before.

PUZZLING CASE.

The county supervisors are in a quandary over the case of Sam Guier. The unfortunate man, who is suffering from an aggravated nervous disorder which results in a peculiar twitching and twitching of the head. He claims to have been away from Los Angeles County Hospital about a month ago on account of ill treatment. He first showed up in Los Angeles, where he was arrested for vagrancy, and sent to jail for ten days. At the expiration of that time an ineffectual attempt was made to send him back to Los Angeles, and meantime he was retained in jail at the county's expense. The local county hospital has no facilities for caring for such cases, the man has no friends so far as is known, and he can not legally be retained in jail longer. The case is a fit one for some charitable institution, and is a puzzle to the authorities.

LOCAL BRIEFS.

One of the horses hitched at the ball grounds yesterday afternoon smashed a buggy in a runaway resulting from the animal's fright at being hit by a ball. The rig was the property of S. Matthews.

The Congregational Church is preparing to build a parsonage just at the rear of the church building, work to commence at once.

The Chamber of Commerce has issued a call for Orange county products to make up the display now being arranged in the new headquarters at North Main street. Articles to be sent in the care of the secretary, W. B. Snow.

Misses Edith and Edith Shatto and Anna Burton, were tendered a farewell party by Miss Mabel Freeman Saturday evening, on the occasion of their departure for the East this week. The guests were members of the class of 1931 of the High School, and other intimate friends.

A cave-in at the excavations of the new Masonic Temple, on Sycamore street, buried Henry Lucas under a quantity of earth this morning, but no serious injury resulted.

The Third Regiment Knights of Pythias Band will give a concert tomorrow evening in the Grand Opera house. The band, which is composed largely of Santa Ana musicians, will make a trip to the World's Fair at St. Louis next year, and will be known as the Santa Ana Band.

We are on the other end of your phone. Telephone your wants to Main 25, and our Santa Ana agency will take your ad. and send it to the main office.

RIVERSIDE.

GOOD CITIZEN DIES SUDDENLY.

RIVERSIDE, July 12.—George E. Senior, an elderly man who has lived for some years in Riverside, died early this morning at his residence, corner of Brocton and Jurupa avenues, under somewhat peculiar circumstances. About 1 o'clock the housekeeper was awakened by Mr. Senior walking in his room. As she entered the apartment he fell forward suddenly, his head striking the mantel over the grate. A few moments later he was dead.

Mr. Senior had been in ill health for some time. He attended Calvary Presbyterian church Sunday morning, but in the afternoon he complained of feel-

ing sick, and a physician was summoned. He did not then seem to be seriously ill, and after leaving medicine, the physician went home, not anticipating a sudden end. At night Senior declined the offer of his housekeeper and of Mr. Schlosser, who has charge of his place, to watch with him. When the housekeeper entered the room he was prostrate on the floor, where he had vomited. It is supposed he got up feeling sick, and during the convulsions attending the vomiting, dropped to the floor, striking his head on the mantel. Deceased came here fourteen years ago from Pittsburgh, Pa., and purchased a beautiful twenty-acre grove and residence, where he had since resided. He was a good citizen and esteemed by a large circle of friends. The coroner's jury found that death had resulted from natural causes.

RIVERSIDE RIPPLES.

Mrs. F. P. Hosp and family left today for Covadisa, where they will spend the summer. Mr. Hosp will join them the latter part of the week.

Plans are materializing for establishing golf links and pleasure grounds on a suitable site near the head of Victoria avenue, the grounds to be easily accessible over the proposed new loop road. Mr. Huntington's electric road residence. The present condition of the city streets is an abomination, both in the business and residence sections.

If you have lost an opportunity, try a Los Angeles Times want ad, and you will get another just as good. Telephone your wants to Red 661 and our Riverside agency will take your ad. and send it to the main office.

ELISNORE.

APRICOT PROBLEM.

ELISNORE, July 12.—Ranchers are busy curing apricots. The yield is the greatest this valley has ever known; and the fruit is exceptionally large. The problem of obtaining sufficient help has been difficult to solve, and it will be necessary, as the orchards increase in size, to import pickers and pitters.

Mrs. S. A. Stewart is visiting friends in Riverside.

Miss Louise Peck is visiting relatives in Pasadena.

Charles McClintock is a guest of his sisters in Los Angeles.

Philip B. Bittner, a pioneer resident of this community, died at Orange.

Miss Hattie Young of Riverside is a guest of Mrs. E. B. Smith.

Misses Laura and Clara Brewer of Long Beach are here.

IDYLLWILD.

NO MORE IDYLLWILD.

IDYLLWILD, July 12.—The Strawberry Valley lodge business at Idyllwild; that is, the resort business, has become so much greater than the business of the sanatorium that the management has closed the sanatorium and will devote two weeks to thorough renovation. Then this establishment will be opened as a mountain hotel in the winter, when it will be known as "Strawberry Valley Lodge." From this time on sick people will be sent to the cottage, and the "Ridge." The management has in two years' experience learned that the sick people, both cottages, and that the cottages are by far the most popular with them, and there has not been a time either winter or summer when what practically all of the cottages were occupied. Contracts are just being let for the renovation.

The people are coming to Strawberry Valley at the rate of from twenty-five to forty a day, and on one day the stages from Idyllwild to the resort are crowded with guests. On the 15th of this month an orchestra will be added to the attractions. The Idyllwild property is owned by the Idyllwild valley of meadow and forest.

ARROYO GRANDE.

NEWS BRIEVITIES.

ARROYO GRANDE, July 12.—The trustees of the grammar school have elected as principal A. T. Vinnace; vice-principal, Miss Phoebe Poole; Miss R. Parkinson, Miss Hattie Phoenix, and Miss Laura James, teachers.

Rev. Robert Burdette will lecture on the evening of the 20th inst., in the Tabernacle, under the auspices of the Epworth League Convention. Presiding Elder J. R. Green, Rev. Thomas Hanna, Alexander Hardie, D.D., and Dion Williams are some of the speakers for the morning session. The Rhorer sisters have charge of the special singing, and Rev. Will A. Betts will assist in the camp meeting which follows the assembly.

Friday evening a camp of Woodmen of the World was instituted with forty charter members. The team from Santa Obispo did the work, which was followed by a banquet.

Mrs. Harriet Thomas of Seattle is here on a visit to her mother, Mrs. Love, and her sister, Mrs. James Lewis.

Mr. and Mrs. W. H. Laidly arrived Friday from Maricopa, on a visit to Thomas Robinson and family.

Rufus Balm, the new principal of the High School, arrived from Lompoc.

Miss Ida Tunney of San Francisco and Sloan Slack of Los Angeles have been guests of S. Clevinger and family and of J. N. Jalia and family.

Mrs. H. S. Hamilton is visiting at J. W. Parkinson's.

The Misses Minnie and Pearl Holmes of San Francisco are guests of Fred Hark.

DR. CHARLES FLESH FOOD

For the Form and Complexion

ness and family on the Huasna ranch. Miss Spring and Miss Hunter from San Francisco are guests at Supervisor Moore's home.

Mrs. Wilcox, who has been visiting her brother, J. Brindson, left last Sunday for San Francisco and St. Helena. After visiting there she will go to her home at Winnemucca, Nev.

A son has been born to the wife of R. F. Stewart.

Semirama.

I looked one night, and there Semirama. With all her mourning doves about her head, sat rocking on an ancient road of Hell.

Withered and eyeless, chanting to the moon. Snatches of song they sang to her of old.

Upon the lighted roofs of Nineveh. And then her voice rang out with rattling laugh:

"The bugles! they are crying back again—Bugles that broke the nights of Babylon."

And then went crying on through Nineveh.....

Stand back, ye trembling messengers of Women, let go my hair: I am the Queen.

A wild and a blaze of swords to quell Insecurities. Let the iron tread of armies shake the world, look, look, look! Asphyxiate by upon the wind."

Mr. Huntington's electric road. While cities turned to dust, and Earth through her whirling brain to live again—

Ebbles all night, and when her voice is dead, Her weary lips beat on without a sound.—Edwin Markham.

The Philippine Commission will resume the public debate on the opium bill at Manila on July 15.

Open Sores

can be cleaned out, the suppuration stopped, and a cure effected by the use of

Hydrozone

Only morbid matter is destroyed by the marvelous germicide, which allows Nature to build up healthy tissue. Absolutely harmless.

Used and endorsed by leading physicians everywhere.

When you may doubt its efficacy, send prepaid receipt of 25 cents for trial bottle.

The genuine bears my signature on every bottle. Address

Ref. Charles Harkness, Price Street, New York.

FREE—Valuable Booklet on How to Treat Sores.

MANY MEN

Are Treated for Conditions Which Do Not Exist.

Failure to

...CURE...

the result which may be due to incorrect diagnosis. My examinations are such that they reveal to me what others of less skill and experience would not be able to remove the cause responsible for the condition. Effect cures that are not possible by inferior methods of treatment.

Functional Decline

Terminal weakness is a common condition. I can get at the exact cause. I can give you the most reliable, scientific and effective treatment. This functional activity may be restored. The result will find your trouble directly traceable to excessive and improper treatment, thus producing a seemingly chronic condition. Under my treatment immediate benefit is seen, and you will be most gratified by the results.

Contracted Diseases

Become chronic through improper treatment. I can get at the exact cause. I can give you the most reliable, scientific and effective treatment. This functional activity may be restored. The result will find your trouble directly traceable to excessive and improper treatment, thus producing a seemingly chronic condition. Under my treatment immediate benefit is seen, and you will be most gratified by the results.

Stricture

And inflammation of the urethra and bladder. I can get at the exact cause. I can give you the most reliable, scientific and effective treatment. This functional activity may be restored. The result will find your trouble directly traceable to excessive and improper treatment, thus producing a seemingly chronic condition. Under my treatment immediate benefit is seen, and you will be most gratified by the results.

Varicocele

Invariably due to a weak condition of the veins. I can get at the exact cause. I can give you the most reliable, scientific and effective treatment. This functional activity may be restored. The result will find your trouble directly traceable to excessive and improper treatment, thus producing a seemingly chronic condition. Under my treatment immediate benefit is seen, and you will be most gratified by the results.

Not by Mail

I cure by my methods of treatment some of the most chronic and aggravated conditions. Once all pain ceases, you are fully treated by mail or any means of questioning. I prefer to treat you in person, and if you are unable to come, I will send you a complete set of instructions. My treatment is not a matter of time.
